Info
 Keyboard

Most palm size PDA's use a stylus pen to enter information. The stylus pen enters information by writing on the PDA's display screen.

A keyboard will increase the size of the PDA.

If you desire the smallest possible PDA then consider choosing one that utilizes a stylus pen.

By selecting this feature you have limited possible PDA choices to [37 products](#).

Out of these 37 products, the top products based on number of features and Consumer Review ratings are: [Compaq 2010c](#), [IBM Workpad Z50](#), [more...](#)
